Directions: Read the story carefully. Write a **3-4 sentence summary** that tells the most important events in order. Do not add extra details that are not in the story. Keep your summary short, clear, and to the point.

The Treehouse Adventure

One Saturday morning, four friends, Lena, Marco, Jay, and Tessa, decided to build a treehouse in Marco's backyard. They gathered old wood, nails, and paint from their families. At first, the boards didn't fit together, and they argued about whose plan to follow. Finally, Lena suggested they combine everyone's ideas, and the group worked as a team.

By the end of the day, the treehouse stood proudly between the branches of a tall oak tree. The friends painted it bright blue and hung a handmade sign that read "Clubhouse." Tired but excited, they climbed inside and promised to meet there every weekend.
