## Four Quadrant Builder Answer Key

Note: Student responses may vary, but answers should reflect accurate meaning, appropriate synonyms and antonyms, and sentences that demonstrate understanding.

### Emerge

Definition: to come into view or appear from somewhere

Synonyms: appear, surface

Antonyms: hide, disappear

Sentence example: The butterfly began to emerge from its chrysalis after several days.

### Cautious

Definition: careful to avoid danger or mistakes

Synonyms: careful, alert

Antonyms: reckless, careless

Sentence example: He was cautious while walking across the icy sidewalk.

### Generous

Definition: willing to give or share more than what is expected

Synonyms: giving, charitable

Antonyms: selfish, stingy

Sentence example: Her generous offer to help made the project much easier for the team.

### Teacher's Guide

- **Using this worksheet**
  - Explain the purpose of vocabulary quadrants and model one example on the board.
  - Encourage students to use classroom dictionaries or approved digital tools to check accuracy.
  - Review synonyms and antonyms to ensure students choose words of appropriate intensity.
