

Name \_\_\_\_\_

## Precise Vocabulary

**Directions:** Read each short paragraph. **Circle the imprecise word** that could be clearer or stronger. Then write a **more precise replacement** that fits the context.

1. During the science fair, our group made a thing that showed how erosion works. The display had sand, water, and other stuff that moved when we poured water over it.

Better word: \_\_\_\_\_

2. The coach gave a nice speech before the game. He said things that helped the team feel ready and confident.

Better word: \_\_\_\_\_

3. In social studies, we learned about a big change in government. The new rules caused a lot of problems at first.

Better word: \_\_\_\_\_

4. The main character felt bad after the argument. She said stuff that she later wished she could take back.

Better word: \_\_\_\_\_

5. Our class took a trip to a **place** where animals are protected. We saw **cool** birds and learned how scientists track them.

Better word: \_\_\_\_\_

**Revise One Paragraph:** Choose **one** paragraph from above. Rewrite it using more **precise vocabulary**.

Paragraph number: \_\_\_\_\_

Rewritten paragraph: \_\_\_\_\_
