### Teacher's Guide

- **Using this worksheet**
  - Preview the Word Bank and briefly discuss each word's meaning using quick examples.
  - Remind students to look for **context clues** in the scenario to pick the best fit.
  - After students finish, review answers by asking, "Which clue words helped you decide?"
- **Differentiation**
  - Support: Allow students to work in pairs for Part A, then complete Part B independently.
  - Challenge: Ask students to replace one chosen word with a near synonym and explain why the original word is more precise.
- **Engagement**
  - Turn Part A into a quick role play where students act out the scenario and classmates choose the word.
  - Hold a short debate where students must use at least three Word Bank words correctly.
