

Name _____

Word Clarity Upgrade

Directions: Replace the **bold vague word or phrase** to improve clarity and tone. Rewrite each sentence so the meaning stays the same but the tone becomes clearer and more precise.

1. The science lab was **kind of messy**, which made it hard to finish the experiment on time.

2. During the debate, the speaker made **some good points** about reducing food waste.

3. The principal's announcement was **not very clear**, leaving students unsure about the schedule change.

4. After the long practice, the team felt **really tired**, but proud of their effort.

5. The article used **a lot of information** to explain how hurricanes form.

6. Her response to the criticism was **kind of rude**, which changed the mood of the meeting.

7. The museum exhibit was **pretty interesting**, especially the interactive displays.

8. When the deadline was missed, the teacher seemed **not happy** about the delay.

9. The instructions were **too simple**, so several steps were misunderstood.

10. After winning the match, the players felt **very good** about their performance.
