

Name _____

Precision Fix

Directions: Read each sentence carefully. The **bold** word is misused or incorrect. Rewrite the sentence by replacing the word with a more accurate vocabulary choice that fits the context.

1. The scientist **proved** a question about plant growth that required more testing.

2. The author's **theme** included three examples and a concluding sentence.

3. The coach was **ecstatic** when the team forgot its equipment and arrived late to practice.

4. The article was **biased** because it included facts from multiple reliable sources.

5. The student made a **prediction** by looking up the answer in the textbook.

6. The speaker used **tone** to explain the steps of the experiment.

Editor's Reflection: Choose one revised sentence. Explain why the original word did not fit the context.
