

Digital Uprising Answer Key

1. Central Idea (Model Answer):

Social media has become a powerful and accessible tool for modern activism, allowing people worldwide to raise awareness and engage with social issues.

2. Supporting Details (Possible Responses):

- Movements like *#MeToo* and *#BlackLivesMatter* gained global momentum through social media hashtags.
- Platforms enable activists to share posts, videos, and live streams that call for real-time action.
- Social media makes it possible for anyone with an internet connection to participate in activism, even without attending physical events.
- (Optional additional detail) Although some criticize its short-lived nature, social media's ability to reach wide audiences is undeniable.

Teacher's Notes:

- Accept variations of the central idea as long as they capture both "social media" and "activism" together.
- Supporting details should be taken directly from the passage; paraphrasing is acceptable.
- Remind students that the main idea is broad and unifying, while supporting details are specific pieces of evidence.
