## Words Of Joy Answer Key

1. C
2. D
3. A
4. B
5. D
6. A
7. B
8. C

### Teacher's Guide

- **Skill Focus:** Expands students' emotional vocabulary and helps them recognize different levels of positive emotional intensity (small, medium, big).
- **Differentiation Tips:**
  - Read questions aloud for students who need auditory support.
  - Provide simple visual cues (like smiley scales or emotion cards) to represent each word's intensity.
- **Engagement Ideas:**
  - Let students act out or draw each word to show what it looks like in real life.
  - Discuss how similar emotions (like content vs. joyful) might differ in strength.
- **Extension Activities:**
  - Have students write a short story or journal entry using at least three of the words.
  - Create a class "Emotion Wall" where students add examples of when they've felt each positive emotion in daily life.
