### Teacher's Guide

#### Purpose

- Help students in grades 6 to 10 investigate modern Greek life.
- Build critical thinking skills by identifying misconceptions and correcting false statements.

#### Instructional Tips

- Review each statement as a class before students begin to clarify vocabulary such as economy, urban, and festivals.
- Model how to correct false statements using clear and factual language.
- Invite students to discuss why certain myths about countries continue to spread.

#### Differentiation

- Provide a brief fact sheet on modern Greece for students who need additional background knowledge.
- Allow partnered work for students who benefit from collaborative reasoning.
