### Teacher's Guide:

- Encourage students to **role-play** each sentence after filling it in to build comfort using greetings in real settings.
- For differentiation, provide **visual cue cards** or sentence starters ("Hi," "Hello," "Nice to meet you") for students who need support.
- Engage students by practicing with **classroom greeters** who welcome others each day using their own chosen phrases.
- As an extension, have students **write or draw** their favorite greeting situation, explaining when and why they would use it.
