Teacher's Guide

- **Skill Focus:** Students strengthen **vocabulary comprehension** by distinguishing **homonym meanings** using context clues.
- **Differentiation Tips:**
 - For younger learners, act out the two meanings (e.g., "wave" with hand vs. "wave" in the ocean).
 - For older students, have them create their own sentences showing both meanings.
- **Engagement Idea:** Play "Homonym Charades" - one student acts out one meaning, and others guess the correct homonym.
- **Extension Activity:** Challenge advanced learners to find five new homonyms in books or media and illustrate both meanings in a mini-poster.
