

Name _____

Indian Ocean Truths Answer Key

- | | |
|----------|----------|
| 1. True | 6. False |
| 2. True | 7. True |
| 3. False | 8. True |
| 4. True | 9. False |
| 5. True | 10. True |

Teacher's Guide

- Ideal for quick checks of understanding on Indian Ocean facts.
- Works well as a warm up, review activity, or partner task.
- Read statements aloud for younger learners to support comprehension.

Differentiation Tips

- Provide vocabulary support for key terms such as **monsoon**, **reefs**, and **ecosystems**.
- Allow students who need help to underline clue words in each statement.
- Challenge advanced students to rewrite each false statement so that it becomes true.

Engagement Ideas

- Turn the activity into a classroom movement game where students move to a True or False side of the room.
- Invite volunteers to explain the reasoning behind their answers.

Extension Opportunities

- Ask students to research a real Indian Ocean animal and share a short fact about it.
- Explore how climate change is affecting coral reefs around the Indian Ocean.
