## Indian Ocean Landforms Answer Key

- |                         |                           |
|-------------------------|---------------------------|
| 1. Central Indian Ridge | 6. Arabian Coast          |
| 2. Sunda Trench         | 7. Red Sea                |
| 3. Madagascar           | 8. Southwest Indian Ridge |
| 4. Palk Bay             | 9. Persian Gulf           |
| 5. Maldives             | 10. Sri Lanka             |

### Teacher's Guide

- Supports recognition of key physical features connected to the Indian Ocean.
- Works well before or after map activities or as a reinforcement assignment.
- Younger students may need vocabulary support while older students can research each feature.

### Differentiation Tips

- Provide a short word bank for students who need assistance.
- Allow students to use an atlas or classroom map for guided support.
- Challenge advanced students to add one extra fact about each feature.

### Engagement Ideas

- Ask students to sketch one feature such as the Central Indian Ridge or Maldives.
- Create a classroom display where each student contributes one identified landform.
- Have pairs discuss why each feature matters for climate, wildlife, or human activity.
