6. **ourselves** - We ourselves painted the classroom.
7. **yourselves** - You yourselves are responsible for the decision.
8. **themselves** - They themselves discovered the hidden cave.

Teacher Notes / Guide

- Accept **any logically correct sentence** that uses the pronoun for emphasis, even if it's worded differently than the key.
- **Tip for students:** Read your sentence without the intensive pronoun. If it still makes sense, you've used it correctly.
- Extension: Ask students to write **two extra sentences of their own choice** using any intensive pronoun they want, then share with a partner.
