Story with Strength

Directions: Write a **short story or paragraph (5-7 sentences)** that uses at least **five intensive pronouns** (myself, yourself, himself, herself, itself, ourselves, yourselves, themselves). Be sure each pronoun is used for **emphasis** and not as a reflexive pronoun. Highlight the intensive pronouns in your story.

Example (Model)

During the class project, I **myself** gathered the supplies. The teacher **herself** checked on our progress. We **ourselves** built the volcano model. The paint job was tricky, but the model **itself** looked amazing. The students **themselves** were proud of the final result.
