

Name _____

Snip And Stick Answer Key

- | | |
|----------|---------|
| 1. sun | 5. tree |
| 2. cat | 6. cup |
| 3. star | 7. dog |
| 4. apple | 8. ball |

Students should match each printed word to the picture that shows its meaning.

Teacher's Guide

- **Using this worksheet**
 - Preview the words by reading each one aloud and having students repeat them.
 - Point to each picture and ask: "What do you see?" to connect oral vocabulary before gluing.
 - Model cutting one card and matching it to the correct picture, then let students work.
 - Remind students to say the word out loud again as they glue it in place.
- **Extension ideas**
 - Create a class chart with all eight pictures and words, then use it later for quick review games.
 - Sort the finished word cards into groups such as **animals** (cat, dog), **things outside** (sun, tree), and **things you can hold** (apple, cup, ball, star cutout).
 - Reuse the same word cards another day for beginning sound work or simple sentence building.
