| 1. teacher | 6. police |
| 2. farmer | 7. mail |
| 3. doctor | 8. build |
| 4. nurse | 9. serve |
| 5. firefighter | 10. clean |

Teacher's Guide

- **Purpose:** Reinforces reading comprehension and vocabulary by helping students identify community roles and their importance in connection with Labor Day.
- **Differentiation Tips:**
 - *Grades 4-5:* Read the passage together aloud before students complete it independently.
 - *Grade 6:* Encourage students to write one extra sentence about another community job not listed (e.g., mechanic, librarian).
 - *Struggling readers:* Use picture cues or context clues to assist with word placement.
- **Engagement Ideas:**
 - Have students act out different community jobs after completing the worksheet.
 - Create a "Thank You Wall" where students write appreciation notes for local workers.
- **Extension Ideas:**
 - Invite students to interview a community worker and share one thing they learned.
 - Connect to writing: Ask students to write a short paragraph describing a job they'd like to do to help their community.
