

Name _____

Plant Growth Plot Answer Key

Title: Bean Plant Growth

Points to plot:

(1, 2), (2, 3), (3, 5), (4, 6), (5, 8), (6, 9), (7, 11), (8, 12)

Connect all 8 points from left to right.

Teacher's Guide

- Quick implementation: Review how each day and height form a point before students begin plotting.
- Differentiation: Have students check off each observation after plotting its point.
- Engagement: Ask students to predict the next day's height after completing the graph.
- Extension: Have students add Day 9 with a reasonable height and extend the line graph.
