

Name _____

Graph Rescue Answer Key

Already shown: (1 PM, 2) and (5 PM, 8).

Missing points:

(2 PM, 4)

(3 PM, 3)

(4 PM, 6)

(6 PM, 7)

(7 PM, 10)

(8 PM, 9)

Connect all 8 points in time order.

Teacher's Guide

- Quick implementation: Have students compare each time in the data with the graph to identify which six points are missing.
- Differentiation: Let students mark the six missing entries in the data before plotting them.
- Engagement: Ask students to check a partner's completed graph for all six missing points.
- Extension: Have students describe when the distance increased and when it decreased.
