The Field Trip to the Museum

The sixth-grade class at Riverbend School took a trip to the Natural History Museum last Thursday. The students traveled by bus and arrived in the morning. Their first stop was the dinosaur exhibit, where they saw a giant T. rex skeleton. Afterward, they visited the minerals hall, which displayed sparkling gems and rare rocks. At lunchtime, the class gathered in the museum's outdoor garden to eat sandwiches. In the afternoon, the students participated in a workshop about fossils, led by a museum guide named Mr. Johnson. Before leaving, the teacher, Mrs. Kim, reminded everyone to thank the staff for their help. The students returned to school feeling amazed by everything they had learned.

- _____ 1. The class visited the Natural History Museum on Thursday.
- _____ 2. The students traveled to the museum by train.
- _____ 3. The first stop was the dinosaur exhibit.
- _____ 4. The minerals hall displayed gems and rare rocks.
- _____ 5. The students ate lunch inside the cafeteria.
- _____ 6. The fossil workshop was led by Mr. Johnson.
- _____ 7. Mrs. Carter was the teacher who reminded the students to thank the staff.
- _____ 8. The students felt amazed when they returned to school.
