The Bake Sale

On Friday morning, the students in Ms. Alvarez's class prepared for their bake sale. First, they set up tables in the school gym with bright tablecloths. Next, several students arranged plates of cookies, muffins, and brownies. Others created colorful signs to display the prices. At noon, parents and teachers began arriving to buy treats. The class worked together to greet visitors and handle the money box. By the end of the afternoon, almost everything had been sold. When the sale was finished, the students counted the money and cheered. They raised enough funds to buy new books for the classroom library. Everyone felt proud of their teamwork and success.
