7. mail & tail - A
8. light & night - I
9. goat & boat - O
10. seed & need - E

Teacher's Guide

- **Skill focus:** Students practice identifying **long-vowel rhymes** by matching the same ending sound and then labeling the vowel sound they hear.
- **Support:** Say the words aloud together and stretch the vowel sound (e.g., "caaaake / laaake"). Provide a vowel sound chart if needed.
- **Challenge:** Have students write a **third rhyming word** for each set (real word only).
- **Engagement & extension:** Turn it into a quick game—students point to the rhyming pair, then read the pair aloud with a steady clap on the rhyme.
