The Snapshot Series Answer Key (Sample Predictions for Teacher Use)

These are sample responses to help guide discussion. Student predictions may vary widely and should be evaluated based on creativity, logical reasoning, and use of visual clues.

Picture 1 – “The Floating Backpack”

- **Sample Prediction:** The boy might have accidentally stepped into a supernatural zone. He could try to grab the backpack, but something might pull it away. The glow suggests some kind of alien or magical force.

Picture 2 – “The Empty Street”

- **Sample Prediction:** The person riding the bike may have fallen or suddenly disappeared. They might have seen something strange and left in a hurry. The open notebook could be a clue—maybe it contains a warning or map.

Picture 3 – “The Rooftop Garden”

- **Sample Prediction:** The kids might have discovered an alien or genetically modified plant lab. If they touch the flower, it could trigger a transformation, trap them, or open a portal. The journal might contain important instructions or warnings.
