Teacher's Guide:

- **Differentiation Tips:** For early readers, read the story aloud and pause for students to say the missing words aloud before writing them. Provide visual cue cards for each polite phrase.
- **Engagement Ideas:** Act out the story as a class, letting different students fill in their manners lines. Reinforce with hand motions like a wave or smile when saying polite words.
- **Extension Activities:** Have students write or draw their own short "manners stories" using at least three words from the word bank. Encourage them to share one polite phrase they used today at school or home.
