Teacher's Guide:

- **Differentiation Tips:** Read the passage aloud first and discuss key vocabulary words like "apologize," "polite," and "borrow." Offer sentence starters for students who need language support.
- **Engagement Ideas:** Have students role-play scenes showing polite and impolite choices, then discuss which ones create a better environment.
- **Extension Activities:** Ask students to write or draw how they can use good manners in the cafeteria, on the bus, or during group work. Create a "Manners Wall" in class where students post examples of kind actions they observed that week.
