Teacher's Guide:

- **Differentiation Tips:** Read each prompt aloud for students who need auditory support. Provide a manners word bank (please, thank you, sorry, excuse me, hello, goodbye) for learners who benefit from visual cues.
- **Engagement Ideas:** Turn the worksheet into a classroom role-play activity where students act out each completed sentence using kind tone and body language.
- **Extension Activities:** Ask students to create their own new manners sentence frames or write a short paragraph titled "How I Show Good Manners." Encourage group discussions about how politeness changes the classroom environment.
