## Story Setting Match Answer Key

- Passage 1 → **H** (The classroom setting with projects and volcano models matches a science fair.)
- Passage 2 → **C** (Curtain, orchestra, and actors = live theater.)
- Passage 3 → **A** (Snow, sledding, snowballs = snowy hill.)
- Passage 4 → **F** (Shelves, librarian, catalog = library.)

### Teacher Notes:

- Distractors **B** (train station), **D** (beach), **E** (desert), and **G** (grocery store) are included to make students pause and think critically about sensory details, but do not fit.
- This format pushes students to scan for **clues about sounds, smells, and actions** that distinguish one setting from another.
