

Name \_\_\_\_\_

## Problem-Solution Matching Answer Key

- **Passage 1** → **D** (Broken sprinkler → task completed by hand).
- **Passage 2** → **G** (Missing eggs → substitute used).
- **Passage 3** → **F** (Lights went out → handheld lights used).
- **Passage 4** → **B** (Flat tire → family member repairs it).

### Teacher Notes:

- Choices **A, C, E, H** are distractors that sound possible but don't match the passages.
- Wording without specific nouns forces students to **focus on the situation type** (breaks, missing, doesn't work, noisy, etc.), rather than hunting for identical words in the text.
