Guess The Outcome Answer Key

1. **B - Use some tickets to enter the raffle for the bike.**

- Ethan's focus on the bike makes this the most logical prediction.

2. **C - Encourage him to enter the raffle for the bike.**

- Friends have cheered him on already; likely they'll support his next step.

3. **A - He will focus his tickets on winning a chance for the bike.**

- His excitement and attention to the bike suggest he will prioritize it.

4. **D - He will still enjoy the carnival and prizes with his friends.**

- Even without winning, the carnival setting is fun and social.

Teacher Note:

- Predictions should be based on **clues in the text**, not wild guesses.
- Encourage students to justify their answers by pointing to **evidence** (Ethan's focus, friends' encouragement, etc.).
