9. A single **tear** rolled down her cheek.
10. We joined the math **pool** to practice solving problems.

Teacher's Guide

Skill Focus: Deepening understanding of **Multiple Meaning Words** through contextual rewriting.

Grade Range: Grades 4-7 (adaptable for enrichment or review in higher levels).

Differentiation Ideas

- *Support learners:* Provide a short word bank of possible alternate meanings.
- *Challenge learners:* Ask for two rewritten sentences showing *two different* new meanings.
- *ELL support:* Use images or gestures for each word before writing.

Extension Activities

- Have students illustrate both meanings of one word on a mini "flip card."
- Turn this into a partner game-one student writes a sentence, the other rewrites it with a new meaning.
