

Name _____

Fix The Problem

Directions: Read the prompt. Write a narrative that clearly shows the problem and explains how it is solved. Use complete sentences and make sure the events go in order.

During a class nature walk, your group discovers that the trail sign pointing back to school has fallen over and is facing the wrong direction. Everyone is confused about which way to go. Write a story about how you and your classmates figure out the correct path and safely return.

Your Story:
