

Name _____

Dutch Geography Builder Answer Key

1. lowlands
2. North Sea
3. dike
4. polder
5. canal
6. province
7. delta

Teacher's Guide

- Use this fill-in-the-blanks activity to reinforce key Dutch geography concepts for Grades 4 to 8.
- Read the word bank aloud and briefly discuss each term before beginning.
- Encourage students to reread the paragraph after completing it to check for accuracy and flow.

Differentiation Tips

- Provide definitions or simple illustrations for words like **polder**, **delta**, and **dike** for students who need extra support.
- Allow struggling learners to cross out words from the bank as they use them to reduce confusion.
- Challenge advanced students to write a second paragraph using all seven words in a new context.

Engagement Ideas

- Show a map highlighting Dutch land reclaimed from the sea.
- Play a short clip showing canals or polders to spark interest.
- Ask students which word they think is the most important for understanding the Netherlands and explain why.
