

Name \_\_\_\_\_

## Tulip Field Story Answer Key

1. climate
2. grow
3. soaked
4. coast
5. colors

### Teacher's Guide

#### How to Use This Worksheet

- Use this activity to introduce students in Grades 3 to 6 to agriculture in the Netherlands.
- Discuss tulips and how Dutch farmers prepare their land before students complete the paragraph.
- Encourage students to read the completed passage aloud to check that it makes sense.

#### Differentiation Tips

- Provide vocabulary support for words like **climate**, **soaked**, and **coast**.
- Allow students who need more help to choose from a teacher-made mini word bank.
- Challenge advanced learners to rewrite the paragraph using entirely new details about tulip farming.

#### Engagement Ideas

- Show photos of tulip fields to help students visualize the scenery.
- Ask students which color tulip they would want to grow and why.
- Let students share experiences with gardening or planting flowers.

#### Extension Ideas

- Have students research why the Netherlands became famous for tulips.
