### Teacher's Guide

- Use this quiz for quick review of key facts about Dutch geography, cities, culture, and water management for Grades 4 to 8.
- Read questions aloud for students who benefit from auditory support.
- Encourage students to justify their answers with prior knowledge or class notes.

### Differentiation Tips

- Provide vocabulary support for terms like **dike**, **lowlands**, and **elevation**.
- Allow students who need support to eliminate two incorrect choices before selecting an answer.

### Engagement Ideas

- Allow students to vote on the most interesting fact after the review.
- Invite students to discuss which question they found trickiest and why.

### Extension Ideas

- Assign a short research task on how the Netherlands manages rising sea levels.
- Have students compare the Netherlands to another European country with different landforms.
- Encourage students to design a simple diagram of a dike or canal system and write a short explanation.
