Teacher's Guide:

- Model one example on the board by reading aloud and identifying **nonverbal clues** with students.
- Offer **color-coded highlighters** (e.g., yellow for face clues, blue for body clues) for visual learners.
- Differentiate by providing **sentence starters** such as "I can tell he feels ____ because he ____."
- Extend learning by having students **act out each scenario** while classmates identify the body language and emotion shown.
