Name _____

Fee Balance Check Answer Key

1. $478.60
2. $322.95
3. $698.25
4. $253.90
5. $1,027.75
6. $174.35
7. $633.30
8. $374.99

Teacher's Guide

- Quick implementation: Remind students that a bank fee reduces the account balance, so each problem requires subtraction.
- Differentiation: Have students underline the starting balance and circle the fee before calculating. Allow calculators when the focus is understanding fee impact.
- Engagement: Have students compare the eight fees after solving and identify which one reduces an account balance the most and least.
- Extension: Ask students to calculate the total of all eight fees and discuss how repeated fees could affect a monthly budget.
