Teacher's Guide

- Remind students that the missing middle sentence must **connect** the first and last sentences smoothly.
- Encourage learners to eliminate choices that mention unrelated details or shift the topic.
- Allow struggling writers to underline key words in the first and last sentences to help find the logical link.
- Challenge advanced students to write an additional middle sentence that would also fit while staying on topic.
- Use group discussion to compare why one sentence fits better than others, strengthening reasoning and comprehension.
