

Name _____

Transition Lift

Directions: Each sentence below uses a weak transition. Rewrite the sentence by replacing the weak transition with a stronger, more precise academic transition.

1. The robotics team met after school, **and then** they tested the new claw attachment.

2. Composting helps reduce trash, **also** it returns nutrients to the soil.

3. The fence broke during the storm, **so** the neighbors helped repair it.

4. The art class sketched the old train station, **after that** they added watercolor paint.
