Teacher Notes/Guide

- **Focus:** This drill strengthens the *mechanical conjugation skill* of forming past perfect verbs.
- **Common Errors:**
 - Using simple past instead of past perfect ("*ate*" instead of "*had eaten*").
 - Forgetting irregular past participles (*gone, written, seen, chosen, taken*).
- **Teaching Tip:** Remind students to always pair *had* with the **past participle**, not the base verb or simple past form.
- **Extension Idea:** Have students create their own original sentences using at least five of the conjugated verbs to reinforce application in context.
