photosynthesis

spherical

graph

trophy

alphabet

phone

phrase

dolphin

In science class, we learned that plants make their own food through _____, a process that uses sunlight, water, and carbon dioxide. To show our results from a lab experiment, our teacher asked us to create a _____ that displayed how much light each plant received. During the lesson, we also examined a _____ model of Earth to understand how its round shape affects seasons. Later, in social studies, we studied how ancient people created early writing systems before the modern _____ was invented.

During lunch, Coach Riley announced a wellness challenge. Any student who completed all the fitness tasks would earn a small _____. As part of our reward, we got to watch a video of a playful _____ leaping through the waves. At the end of the day, our teacher taught us a new _____ that we could use to politely answer the classroom _____.
