

Name _____

Ph Sentence Sort Answer Key

Science Terms: 1, 3, 8

Everyday Items: 2, 4, 6, 9

Action Words: 5, 7

Teacher's Guide

- Remind students that sorting helps deepen vocabulary understanding and reinforces how **ph** appears across many content areas.
- Encourage students to reread each sentence and underline the **ph-word** before sorting to build phonics awareness.
- For differentiation, provide a smaller set of categories or offer picture icons to support meaning.
- For extension, have students write an additional sentence for each category using a new **ph-word**, or challenge pairs to create their own three-category sort for classmates.
