

Name _____

Ph Story Search Answer Key

1. She found an old photo.
2. She asked her dad.
3. She went to the park.
4. She added it to her scrapbook.

Teacher's Guide

- Encourage students to read the passage aloud and listen for the **ph** sound to build phonemic awareness.
- Offer highlighters or color pencils so students can physically mark each **ph-word** for multisensory practice.
- For differentiation, give emerging readers a small list of target ph-words before reading, or provide picture clues.
- For extension, have students write a short sentence using one new **ph-word** or draw their own photo with a caption using a ph-blend word.
