

Name _____

Ph Word In Context Answer Key

1. phone
2. photo
3. dolphin
4. phrase
5. alphabet

Teacher's Guide

- Introduce or review the **ph** blend and remind students that it makes the same sound as the letter f.
- Encourage students to reread each sentence and use meaning clues to select the correct **ph-word**.
- For differentiation, provide picture cues for each word in the bank or reduce the number of choices for emerging readers.
- For extension, ask students to create their own fill-in-the-blank sentence using a new **ph-word**, or challenge them to illustrate one of the sentences for added comprehension and vocabulary practice.
