

Name _____

Everest Number Rhymes

Directions: Read the passage carefully. Identify **three or four key numbers** mentioned in the text. Link

each number to a **rhyming word** (e.g., *1-sun, 2-shoe, 3-tree, 4-door*). Create a short phrase or image that connects the rhyming word to the fact in the passage. Use your rhyme-based phrases to recall the numbers and their details.

The Wonders of Mount Everest

Mount Everest is the tallest mountain in the world, reaching a height of about 29,000 feet. In 1953, Sir Edmund Hillary and Tenzing Norgay became the first climbers to successfully reach its summit. Every year, hundreds of climbers attempt the journey, though many face dangers like avalanches and thin air. Temperatures near the summit can drop below -40 degrees, making survival extremely difficult. Despite the challenges, Everest remains a symbol of human courage and determination. For many climbers, standing at the top is a lifelong dream come true.

Activity: Number-Rhyme Recall

1. Write down the important numbers from the passage.
2. Match each number with a rhyming word (examples: 1-sun, 2-shoe, 3-tree, 4-door, 5-hive, 9-vine).
3. Create a silly or vivid phrase linking the rhyme to the fact.
 - o Example: "**3-tree**: I imagine a tree growing on top of Everest in 1953 when the first climbers reached the summit."
4. Explain how your rhyme helps you remember the number and the fact.
