## Poland Basics Builder Answer Key

- |                  |                         |
|------------------|-------------------------|
| 1. Vistula River | 5. Carpathian Mountains |
| 2. Germany       | 6. Slovakia             |
| 3. Baltic Sea    | 7. Gdańsk               |
| 4. Mazovia       | 8. Poland               |

### Teacher's Guide

#### Purpose

- Reinforces basic Polish geography terms for grades 3 to 5.
- Supports recognition of rivers, regions, cities, and neighboring countries.
- Builds confidence using simple academic vocabulary in context.

#### Differentiation Tips

- Allow students to highlight key words in the word bank before writing answers.
- Challenge advanced learners to write an extra sentence using two word bank terms correctly.

#### Engagement Ideas

- Create a quick warm-up where students guess whether each word in the bank is a river, region, neighbor, or landmark.
- Let students act out the geography terms such as pretending to climb mountains or sail on the sea.

#### Extension Activities

- Have students draw a mini map of Poland labeling at least four terms from the word bank.
- Ask students to choose one word and write three fun facts about it.
- Encourage students to compare one Polish feature to a similar feature in their home country or region.
