- |          |          |
|----------|----------|
| 1. True  | 6. False |
| 2. True  | 7. True  |
| 3. False | 8. True  |
| 4. True  | 9. False |
| 5. True  | 10. True |

### Teacher's Guide

#### Purpose

- Builds understanding of Poland's climate, agriculture, and cultural traditions.
- Supports critical thinking as students distinguish accurate information from incorrect statements.
- Designed for grades 4 to 6 with accessible, clear content.

#### Differentiation Tips

- Allow students who need support to highlight keywords such as seasons, crops, climate, traditions, and mountains before deciding on True or False.
- Challenge advanced learners to rewrite false statements so they become true.

#### Engagement Ideas

- Invite students to share if any Polish foods or traditions are familiar to them.
- Use the statements as a warm-up for a deeper lesson on European climates or cultural celebrations.

#### Extension Activities

- Have students illustrate one fact about Polish culture, climate, or geography.
- Ask students to compare Poland's climate to the climate of another European country.
