

## Prefix Meaning Link Answer Key

1. **pre-** → **C (before)**

2. **bi-** → **D (two)**

3. **sub-** → **A (under/below)**

4. **inter-** → **B (between/among)**

### Example Words:

- pre- → *preview, preheat*
- bi- → *bicycle, bilingual*
- sub- → *submarine, subway*
- inter- → *interact, international*

### Teacher's Guide

- **Objective:** Students will match prefixes with their meanings and apply them by generating example words, strengthening vocabulary awareness.
- **Differentiation Tips:**
  - For younger learners, introduce each prefix using visuals (e.g., "submarine" picture for *sub-*).
  - Provide a prefix word wall or anchor chart for reference.
  - For higher-level students, include extra prefixes (like *tri-*, *post-*, or *super-*) for added challenge.
- **Engagement Ideas:**
  - Play a "Prefix Relay" game where students race to pair prefixes with meanings on the board.
  - Have students draw a quick sketch of one example word for each prefix (e.g., a bike for *bi-*).
- **Extension Ideas:**
  - Encourage students to find prefix words in a reading passage or around the classroom.
  - Let them create short sentences or mini-stories using at least two of the prefixes correctly.
