

Name _____

Work Helpers Answer Key

- Fireman → hose
- Doctor → stethoscope
- Painter → paintbrush

Teacher Notes/Guide

- Read the story slowly, emphasizing the fireman and his hose.
- Before matching, talk about each job: "What does a doctor do? What tool helps them?"
- Encourage students to act it out (pretend to spray a hose, listen with a stethoscope, paint with a brush).
- Preschoolers may only say the tool name at first ("hose"). Encourage full sentences as they grow ("A fireman uses a hose").
- This activity develops **job awareness**, strengthens **story comprehension**, and builds **real-world vocabulary**.
