### Teacher Notes

- **Focus Point:** Remind students that the **present continuous tense** shows actions happening *right now* or *around this moment*.
- **Common Error Alert:** Students often forget the *-ing* ending or mix up "is/are." Encourage them to double-check each verb.
- **Extension Idea:** After filling in the blanks, ask students to create **two original sentences** about what they *and a classmate* are doing at this very moment.
- **Differentiation Tip:** For stronger students, challenge them to change sentences into **questions** (e.g., "Are you listening to music?").
