Directions: Read the passage carefully. Then answer the questions in **complete sentences** using the **present perfect continuous tense**.

The School Newspaper Team

The school newspaper team has been very busy this month. Sarah has been interviewing teachers about upcoming events. Liam and Emma have been designing the layout for the pages. Meanwhile, a group of students has been taking photos during sports games and school assemblies.

The editor, Mr. James, has been checking all the articles and giving feedback to the writers. The team has been staying late after school to meet their deadline. Everyone has been working hard to make sure the newspaper is ready to print next week.
